

Artés

The logo features the word "Artes" in a white, bold, sans-serif typeface. The letter "A" is stylized with a large, solid white circle as its counter, creating a distinctive graphic element. The background is a solid red color with a vertical line and a rectangular block in a darker shade of red on the left side.

Artes Group International

A SUCCESS STORY

01

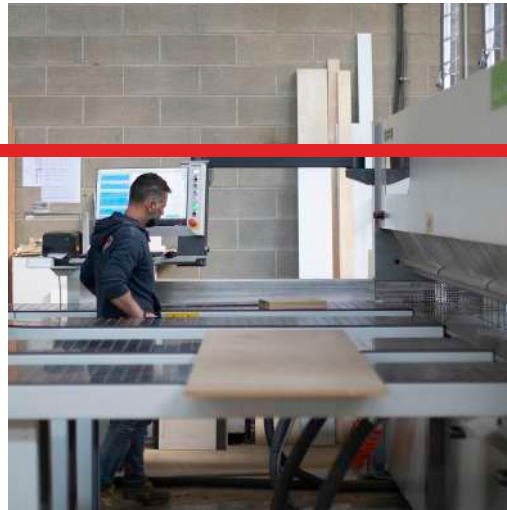

Artes Group International was founded in 1961 in Settimo Milanese making a breakthrough into a highly competitive market thanks to

its expertise in the production of customized solutions and fittings.

Since then we led our way with commitment, passion and the expertise of human resources mixed up with the benefits of technologies. That's how Artes Group International has **established itself as a point of reference in the world of staging**, becoming the trusted partner of many well-known brands.

Unconventional Synergies for Made-to-Measure Solutions

CRAFT AND INNOVATION

Artes Group International is true to its identity and embraces the future as the place where technology becomes human thanks to its ability to fill the needs of any customer need.

Artes Group International's mission is focused on actually provide added value to the customer and this comes true because of the direct control over the entire production chain and the centralised management in a single reality of each production step.

The professional divisions work all together in the head office guaranteeing the customer perfect coordination to the implementation process and maximum flexibility in order to achieve the shared goals at best.

at every stage**

01 DESIGN

Reliability, know-how, creativity are the keywords that make Artes Group International the perfect partner to design any concept.

Right from the designing stage, Artes Group International's goal consists in making every brief become the best made-to-measure and turnkey project, guaranteeing the **maximum performance while strictly respecting budget and timelines.**

02 MANUFACTURING

Compliance to the deadlines, know-how and customisation strengthen the values that make Artes Group International synonymous with quality and trust for the customer.

High quality of finishes, careful selection of materials and top-class production combine with the skills of our craftsmen are the fundamental pillars of decades of successful activity.

03 LOGISTICS

Artes Group International means skills and know-how to address, identify and solve the problems that an already existing environment might present, proposing solutions to strike a balance between customer's ideas and logistical challenges.

Thanks to the extensive sales and rental facilities and to warehouses the maintenance and storage of equipment on site is guaranteed, providing maximum flexibility and availability to relieve the customer of any worries.

04 LAYING AND FOLLOW UP

Choosing Artes Group International means getting in touch with a professional company **that truly invests in a common goal: success.** The output is at the heart of our marketing, and a useful yardstick for assessing the quality of a set-up. That's why **Artes Group International not only can take over the brief and take care of the customer, but also manages the follow up to consolidate a long-term and rewarding partnership.**
